

ONE MAN'S LIFE

For several years we had a wonderful, enthusiastic SNHS member in Jane Parker Bosman who was living in Greenville, North Carolina. Before she died in 2005 Mrs. Bosman often sent us pictures and articles about her interesting family. Sometimes we have used a bit of information that she sent us but it has all come together in our thinking recently as we installed at the train station an exhibit about the importance of the lumber business in Suffolk over the last 200 years.

George Thomas Parker

This story starts in North Carolina – but Virginians, read on. George Thomas Parker was born on the family farm in Gates County in 1836. When the War started in 1861 he enrolled as an orderly sergeant in the Gates minutemen. His company was placed in the 5th Regiment North Carolina State Troops and designated as Company H. He was made sergeant major and, later, captain. He was wounded at Seven Pines and, then, at Winchester and he was at Appomattox for the surrender.

In 1865, back from the war, he married Eunice Katherine Riddick of Cypress Chapel in Nansemond County and over the years they had six children. We know nothing of George Parker's education but we do know he had military experience that helped fit him to be drillmaster at the Suffolk Military Academy.

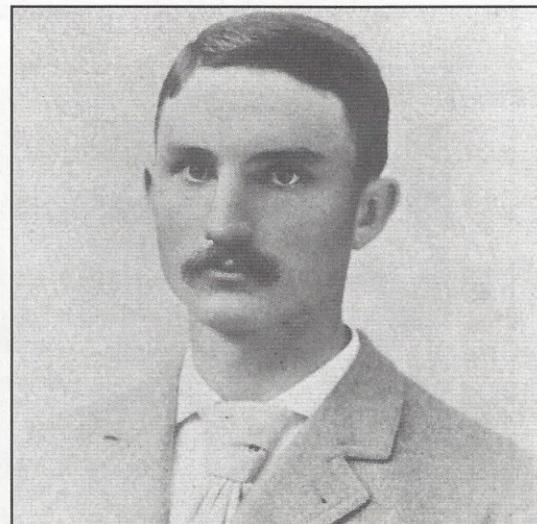

Capt. Parker was an active member of Main Street Methodist Church where he sang in the choir. He also served as Commander of the Tom Smith Camp of the United Confederate Veterans. A family history indicates that when Capt. Parker first gave up farming and moved to town, he worked in the furniture/funeral business with R.W. Baker.

One of the six children of George Parker and his wife was Surry Parker and it is on him this narrative is centered.

Surry attended Suffolk Military Academy. At seventeen he got his first job with the Roanoke Railroad and Lumber company owned by the Whaley family. Seth Whaley actually started the lumber business in Whaleyville. According to the family history, Mr. Whaley was a fine cultured man who was a great influence on Surry Parker's life. He (Whaley) was a strong Methodist and he built the Methodist Church in Whaleyville. In 1891 Surry Parker married Ida Jane Whaley, one of Seth Whaley's children.

Surry was soon transferred to Plymouth, N.C., to be in charge of the company's operations in North Carolina. The Parkers' first child, Isabel, was born there. After Surry built a railroad to Pinetown in the Dismal Swamp, he and his family moved there. Ida became ill and died in 1895.

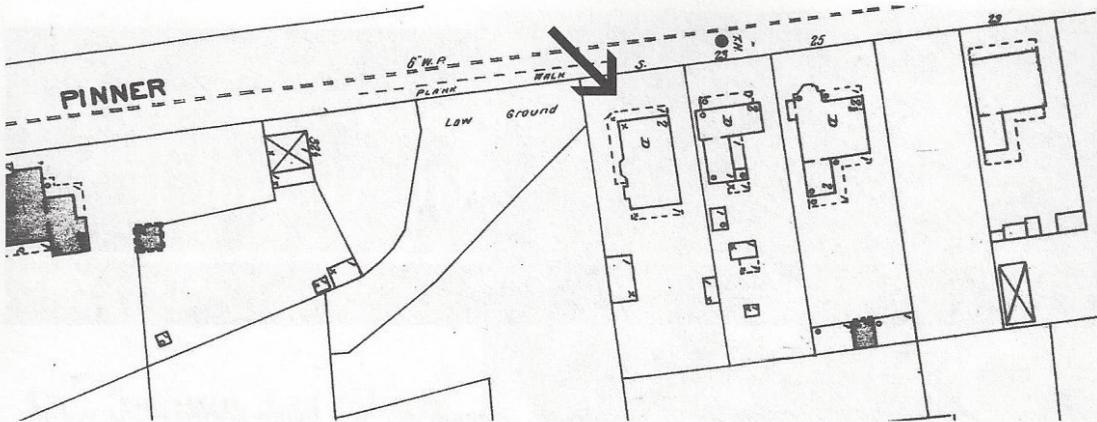

In 1899 Surry Parker married his second wife, Mary Shepard Odom of Somerton, who was then a teacher of Botany and Latin at her alma mater Suffolk Female Institute (or Suffolk College). They were married in the parlor of the main building of the school, part of which is still standing. Mr. Parker's best man was James Causey, grandson of Peter Prentis.

Surry Parker (1866-1942) was described by his daughter Elizabeth as "a dynamic, enthusiastic, intelligent person who adored his family".

Mary Shepard Odom (1872-1935) was described as "our beautiful mother... who is remembered by each of her children as the most perfect person they ever knew".

1903 Sanborn map of Pinner Street shows 116 Pinner Street, the house that Surry Parker built for his parents. A good eye can see the plank walk that crossed the deep ravine.

Mary Shepard had been left the head of her family of three siblings at the age of seventeen after her mother died at 35 and her father at 43. What money he had, her father left to Suffolk Female Institute to make sure his children were educated. When the money ran out, Mary Shepard taught there to educate her siblings. Surry Parker considered them all his family when he and Mary Shepard were married.

Late in the 19th century Surry Parker bought land in the new part of town being developed by John Pinner. One account called it *Brooklyn Heights*. We know the street today as Pinner Street. There he built a very stylish house for his parents. The house at 214 Pinner Street appears on 1903 insurance maps. The Parkers were already in their fine new house in 1901 when the marriage of their niece, Gertrude Langston to T.O. Palmer took place there. Capt. and Mrs. Parker lived there until he died in 1911. This house was then sold to T.H. Birdsong who moved here with his family to engage in the burgeoning peanut industry.

Meantime, Surry Parker, man of action, had been manufacturing gigantic log loading equipment for the timber trade for several years. He invented several new pieces of equipment. Horace Phillips (of the Phillips-Dawson house) who was married to another of the Whaley girls, loaned Surry the money to patent his inventions.

In 1918 Surry Parker again moved his family to Pinetown, North Carolina, in the Dismal Swamp where they would live for the next seven years. Parker was in the swamp to direct the logging operations of Arbuckle Coffee's Stave and Timber Corporation (everybody wanted a piece of the logging action, even a coffee company). He also continued to manufacture logging equipment.

Surry Parker and family in the Dismal Swamp. The engine for the little train was called Yuban for a popular Arbuckle coffee brand.

The Parker family was no barefoot, ragged bunch of swampers. The girls attended Salem Academy and Salem College and brought friends home with them to share the adventure. Read about their years at Pinetown in *The Great Dismal: A Carolinian's Swamp Memoir* available at the station. This is too interesting to miss and to long to print here.

When Surry Parker had finished cutting the Arbuckle tract the family moved to Norfolk in 1925. He had a friend there already. Sam Jones who had worked for Surry in Pinetown had gone to Norfolk to start the Berkley Machine works, still in operation today.

Surry became manager of the southern office of the Stave and Timber Corporation. The company made staves for coffee and sugar barrels.

Mary Shepard Parker died in 1935. Surry Parker would marry one more time to Patty Borland Odom, sister of his second wife, to be sure that she was cared for financially after his death. Surry died in 1942. He and his three wives are buried at Cedar Hill. And thus ended a full, happy life, centered on family, friends, and working the woods.

Thanks to Henry and Betty Odom cousins of the Parkers, who provided the family history, *Family and Friends Pinetown North Carolina* by Elizabeth Parker Roberts sister of Jane Parker Bosman.

Excerpts from an article about Surry Parker that appeared in the Elizabeth City paper The Independent in 1911

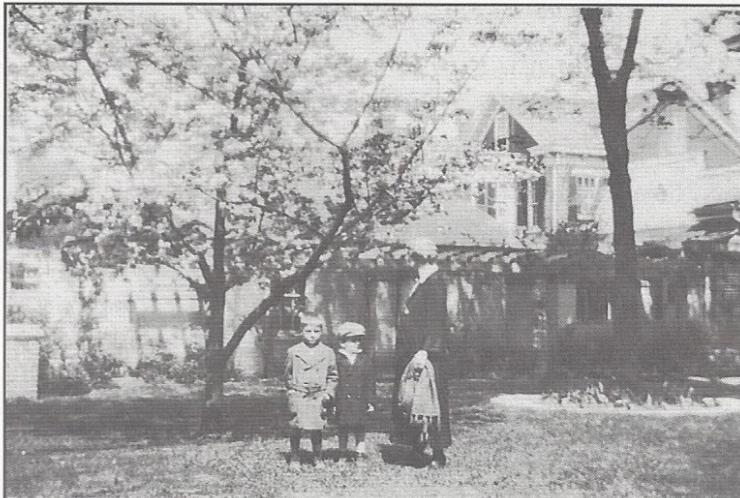

I am writing about one of the world's big men. Had Surry Parker, instead of John White, landed at Roanoke Island there would have been no mystery of the lost colony and the early capital of the United States might have been Elizabeth City instead of Philadelphia.

When a little boy in Suffolk, Virginia, he used to take spools and strings and make wonderful mechanical toys. He had to give up his homemade play things while yet in short pants to earn a living. He worked as diligently as he played and his work became his play. He is still forging ahead. At the age of 46 he does not smoke, chew, drink or eat too much. He goes to bed early with the windows all up. He rises early and gets busy from the moment his eyes are open. He makes cheerfulness a habit. He is often sparing with his words except in the presence of his family and friends when the day's work is done. He doesn't wonder what to do next, he doesn't swear. A life time is short; there is always work and it isn't always possible to accomplish all in a life time. With mind and heart and hand Surry Parker is making the most of his life time.

From *Family and Friends in Pinetown, North Carolina 1893-1918* by Elizabeth Parker Roberts

These men came from the farms around Pine Town. He trained them himself and they became master craftsmen. Mr. Sam Jones came from Hyde County to work for Daddy because he knew he would be trained well. When World War I broke out, he was capable of going to Berkley, Virginia and starting Berkley Machine Works from which he became a wealthy man. He gave Daddy all the credit for his success.

Making A Connection

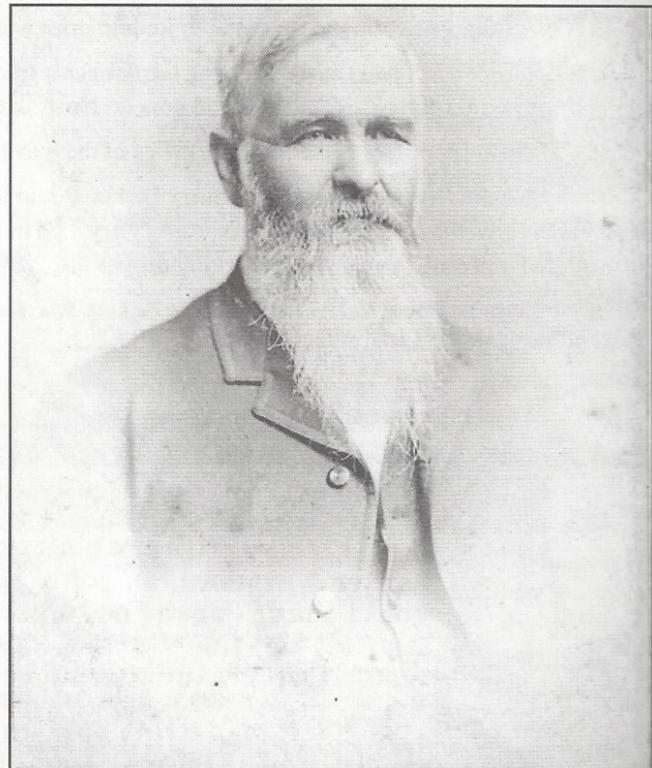

Eva (or Evie) Whaley Phillips, daughter of Seth Mitchell Whaley, in the back yard of the Phillips-Dawson House early 20th century. Identified on back "Sonnie and Bobbie with Grandmother Phillips".

Thanks to Horace B. Phillips

Most of the information about Capt. George T. Parker appeared in an article in *Confederate Veteran Magazine* from 2000. Jane Parker Bosman had sent us the copy of the article some years ago. It finally dawned on us recently that the name of Mary Norman Looney, who wrote the article, sounded familiar. A little research told us that she was a member of SNHS in 2003 and 2004. She died in 2005 as did Mrs. Bosman.

•••••
P.S. Dempsey Odom, father of two of Surry Parker's wives, had been a farmer before the Civil War. As farming was at such a low ebb after the War he and other young men around Somerton went to South Carolina and Georgia to work in the turpentine woods. He died there and is buried at Somerton Methodist Church on land that he donated for construction of that church.

Seth Mitchell Whaley (1821-1901) of Whaleyville, MD. founded Whaleyville, VA.. He was married three times and had seventeen children. His first wife Mary Ann Mumford Whaley died in 1857 and is buried at the family cemetery in Whaleyville, MD.. Whaley and his other two wives are buried at Cedar Hill Cemetery in Suffolk. The next lot is that of Surry Parker and his three wives.

Thanks to Melanie Merryweather, Whaley descendant

•••••
Dempsey Odom's Somerton home still stands in that village across the road from Washington Smith's old inn.

Have you ever heard of the Borlands?

Borland, the middle name of Surry Parker's third wife, has a Suffolk/Somerton connection. Washington Smith was an innkeeper in Somerton in 1825, the year the Marquis de Lafayette came to Nansemond County. Washington Smith's inn was the last stop the great man made in our county.

He was met at the inn by a group of men from Murfreesboro, N.C., which town was to be his next stop. The Murfreesboro group was led by Dr. Thomas Wood Borland, formerly of Suffolk.

Washington Smith was, according to records provided by the Tom Smith Camp SCV, father of Thomas Washington Smith (Tom) who gave the Confederate monument. Tom Smith's wife was Harriet Godwin Borland of Murfreesboro (thought to be Dr. T.W. Borland's daughter).

Mary Shepard Odom and Patty Borland Odom were from Somerton and were the daughters of Dempsey Odom and Pattie Louise Borland Odom. Mrs. Odom's father was Thomas Borland Riddick. The name was very popular in Somerton.

Another side note – Dr. Thomas Wood Borland and his wife Harriett Godwin (1787-c.1825) had a son, Solon Borland (1808-1864), who was born in Murfreesboro. He became a frontiersman, served as a U.S. Senator, minister to Nicaragua, and a Colonel in the Confederate Army before dying of pneumonia in Texas in 1864. This information from *Solon Borland and Family* by Bill Boggess. P.S. Dr. Borland was a Greek and Latin scholar. His sons were named Solon, Cicero, and Euclid.

Don't forget—

James Robbins, author of *Last in Their Class* will be at the Train Station on **Saturday, March 31**. Come by to talk with him about Generals. Pickett, Custer, Baker and others. The book is available at the train station. Plan ahead for a Father's Day gift!

The Train Station now offers gift baskets! Call them at 923-4750 or go by to place your order. Open Wed.—Sat. 10a-4p and Sun. 1p-4p

SNHS Help Wanted—Our administrative assistant at the Dawson House will be leaving us in May as her family is moving away. The job is Monday-Wednesday or about 24 hours per week. Applicants should be proficient with Microsoft Office. Bookkeeping and payroll experience required. Great phone manner a must. Interested parties should send resumes to SNHS Job, P.O. Box 1255, Suffolk, VA 23439.

The Copeland House on the Holland Road is actually two early to mid 19th century houses connected. It was the home of Col. John Copeland when he and others started the Farmers Bank of Nansemond in 1869. (See our April 1998 newsletter)

The home and its dependencies are likely to be removed from the landscape soon as commercial development moves west on route 58.

There is a possibility that the house will be made available for moving to another site. Interested parties should contact Bessie Mae Mathias at Saunders, Barlow, Riddick, Babineau Law Offices 934-1313.

Looking for information about **Hugh P. Godwin** who was born May 27, 1921 in Suffolk died in Normandy July 20, 1944. The family left Suffolk in c. 1932 and moved to Camden, South Carolina. Hugh Godwin's father was James B. Godwin.

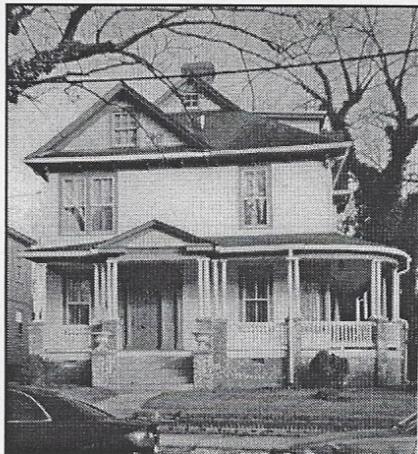

Chet Sewell of Knoxville, Tennessee, is seeking information about Hugh Godwin for a book he is writing. If SNHS members/readers have information to share, please write to Chet Sewell, c/o SNHS, P. O. Box 1255, Suffolk, VA 23439 or email at SNHS@exis.com.

Norfleet Heritage Tour

Thomas Norfleet settled on the Nansemond River in 1666. On October 12 and 13, his descendants from across the county will gather at the Hilton Garden Inn in Suffolk for a family history weekend. What a way to celebrate 2007! Norfleet descendants may call Ben Norfleet at 757-877-2561 for more information.

Prince Edward County is in the process of publishing a heritage book. Readers who have Prince County roots are invited to submit a story (500 word and one photo) for inclusion. The book will only be available to those who pre-pay the \$62.00 fee. Questions may be directed to Margaret Stockton, 434-392-6431 (mom@moonstar.com) or Edwina Covington, 434-574-6576 (ecovington@hovac.com).

Thanks to Christine Parker Brooks Young for her recent gift to the SNHS library of *Following the Land* which follows the Parkers of Nansemond, Chowan, Gates, and Hertford Counties, using land record.

**MRS. E. M. CORBELL DIES
AT DAUGHTERS' HOME**

Suffolk, Va., May 17.—Mrs. Elizabeth M. Corbell, mother-in-law of the late Gen. George E. Pickett, of Gettysburg fame, died here this afternoon at the home of a daughter, Mrs. William Walter Eley, in Bank street. She was 83 years old, having been born November 25, 1825.

Mrs. Corbell was taken ill early last January while visiting a daughter, Mrs. La Salle Corbell Pickett, at the Ontario apartment house in Washington. She never recovered from the attack and was brought to Suffolk on March 28. The end was brought about by a complication of diseases.

The funeral will take place at 10 o'clock Wednesday morning from St. Paul's P. E. church, and the service will be conducted by the rector, Rev. Joseph B. Dunn.

The following have been selected as active pallbearers: James Robert Jordan, of Smithfield; Thomas B. Wright, of Smithfield; John D. Corbell, of Port Norfolk; Dr. John E. Phillips, of Suffolk; John W. Eley, of Suffolk, and C. C. Phillips, of New York.

The list of honorary pallbearers has not been completed.

Mrs. Corbell, whose maiden name was Phillips, was a widow of John David Corbell Sr. Other children aside from those named are: Mrs. W. F. Cotton, of Chuckatuck and Dr. E. F. Corbell, of Sunbury, N. C.

The deceased is survived by eighteen grandchildren and six great-grandchildren. Among the grandsons is Major George E. Pickett, United States army, now stationed in San Francisco.

The interment will occur in the cemetery of St. John's P. E. church, near Chuckatuck.
